MY VISION

Dependable hard worker with over 10 years work experience, and over 7 years of higher education. My career goal is to become a great software developer, who is able to continuously grow and excel in the industry. I am committed to setting high goals for myself and surpassing expectations set by others. I am passionate about programming, technology, problem solving, and math, and am excited to explore all the new opportunities that come my way.

TECHNOLOGIES

PROJECTS I'M MOST PROUD OF

Sports Apparel E-Commerce App (React, Spring boot, PostgreSQL)
Object Oriented Database (C++)

ATTRIBUTES

- I take responsibility for every task I'm given and can be relied upon to get it done.
- I am proficient at collaborating with others, and can easily align my vision with the vision of my team.
- I approach new challenges with a curious mind and enthusiasm.
- I make my biggest impact writing code that allows me to solve complex problems.
